

## 中文流行音樂 Mandopop

志仁

中文流行音乐是我的爱好。中文流行音乐是从杜德伟开始唱红的。他是节奏布鲁斯歌手。歌手常常是从中国，香港，台湾，马来西亚，新加坡，和美国来的。几个有名的男歌星是周杰伦, 魏晨, 王力宏。中文流行音乐不像韩国流行音乐，中文流行音乐有很多民谣。中文流行音乐常常慢吞吞的，所以跳舞很难。在中国以外的地方很多人不喜欢中文流行音乐。不太普遍。在上海，中文流行音乐也从一九四零年开始但是不太普遍。中文流行音乐有三个类型，粵語流行音樂, 华语流行音乐, 和台语流行音乐。台语流行音乐和日本流行音乐很想象。但是粵語流行音樂和华语流行音乐有很多民谣。现在韩国流行音乐中有一些中国歌星。我常常在韩国电视听到中国歌手唱歌。韩国人很喜欢中国歌星，因为中国歌星会说韩文和中文。很多歌手会说多种语言，所以他们可以在很多国家表演。有两位中国女歌星，叫孟佳, 王霏霏, 她们会说韩文，国语, 和粵语。希望嘻哈節奏比較快跳舞音乐成为中国流行音乐，也会给中国的歌星带来改变。

English Translation:

Chinese popular Music is my hobby. Chinese Pop was made popular by Alex To, he is an R&B singer. Singers often come from mainland china, hongkong, beijing, malaysia, singapore, and america. Some famous Chinese male stars are, Jay Chou, Wei Chen, and Wang Leehorn. Chinese pop unlike Korean pop seems like it has a lot of ballads. Chinese pop is often very slow therefore it is hard to dance to. Outside of China, a lot of people do not care for Chinese Pop, it is not too popular. In Shanghai, Chinese pop also started from 1940s but was not very popular. Chinese Pop has three genres, Canto pop, Mando pop, and Hokkein pop. Hokkein pop is very similar to japanese pop. However, Canto pop and Mando pop are more ballady.

Right now, Korean pop has some chinese stars. I often hear chinese singers in korea. Koreans really like Chinese stars because Chingese stars can speak Korean and Chinese. A lot of singers

can speak multiple languages, therefore they can sing in multiple countries. Two Chinese famous singers called Jia, and Fei, can speak Korean, Mandarin, and Cantonese. Now, hopefully hip hop will enter Chinese pop and fast. Perhaps Chinese stars will change.

### Vocabulary:

节奏布鲁斯:jiézòubùlǔsī-R&B

中文流行音乐:zhōngwén liúxíng yīnyuè-Cpop

歌手:gēshǒu-singer
