

# 我的書包呢？

## Where is my Backpack?

Cast:

Jason: A very upright and studious student. He is distraught because he has work to do and needs his laptop and backpack to do this. His friend has lost his backpack, and so he drags her along to look for it.

Hannah: She is not very concerned with school and would rather just hang out. She helps Jason try to find the backpack, and is a bit forgetful.

William: He is so overworked that he spends most of his time sleeping. He is not very aware of his surroundings, but has a weird habit of appearing in many different places in disguise. He might be hiding something.

Synopsis: Three friends search desperately for their backpack. Little do they know that it might be closer than they realize. Jason and Hannah travel to the sub, the pool, the dorms and the office to try and find the backpack, before returning to the classroom. There they make a startling discovery...
