

Buzzfeed: 大学生最好的网友

沈晶晶 || 普渡大学二年级

不久以前，大家都从报纸和杂志获得信息。可是今天，大部分的人都从网上获得信息。因为有了现代社交媒体，所以现在比以前更容易获得信息。比方说，如果你上 Facebook，你不仅可以看到很多图片和文章，而且可以看很多视频。这些视频常常差不多三，四分钟，大多是关于政治，食物，流行文化或者娱乐的话题。在 Facebook 上什么都看得到。上 Facebook 会越来越上瘾。

我最喜欢 BuzzFeed Media，这个网站有很多新闻和好玩的东西。我上课完了以后，我快要看 BuzzFeed 视频。除了大学生以外，其他人也都很喜欢这个网站。Buzzfeed 在 Facebook 和 Youtube 的粉丝页已经有差不多百万人了，比别的网站有名多了。在 BuzzFeed 你可以找很多的有趣事情。比方说，有关于“世界上最极端的 22 个地方”的文章，或者“亚洲的结婚礼服”。除了文章以外，也有很多娱乐的测验。这些的测验真的很搞笑，绝不无聊。不管你有什么样的爱好，你都可以找到你觉得有趣的东西。很多大学生常常不管功课做没做完，都会在 BuzzFeed 上看视频。我常常上课的时候，一边听老师说话，一边看 BuzzFeed 上的视频。我每次都会看食谱和有趣的视频。我常常周末跟我的朋友们一起看 BuzzFeed，又放松又滑稽。Buzzfeed 上有很多照片和短文，所以读不太难。因为很简单，所以懒人特别爱。

Buzzfeed 和很多别的网站差不多一样，比方说，Huffington Post, NowThis, ATTN 和 Vlechten met Daan。以前，Facebook 是一个社交的地方，大家除了放照片以外，也分享自己的生活。虽然 Facebook 以前一个社交的地方，可是现在 Facebook 更多的是一种娱乐方式。所以，现在 BuzzFeed 就越来越流行了。如果你无聊死了，你应该试试看 BuzzFeed。

English translation:

Not long ago, everyone received their information from newspapers and magazines. But today, most people have access to information from the Internet. Thanks to modern social media, it is now easier than ever before to access information. For example, if you are on Facebook, you not only can view many pictures and articles, but you can also see many videos. These videos are often about three to four minutes long, and often about topics of politics, food, pop culture, or entertainment. You can view everything on Facebook. Facebook becomes more and more addicting!

Buzzfeed Media is my favorite, as it has a lot of news and entertainment. After I finish school, I watch BuzzFeed videos. In addition to students, many other people like this site. BuzzFeed has about a million fans on its Facebook and Youtube pages, and it is more famous than other sites. On BuzzFeed, you can find a lot of interesting things. For example, you can find an article about the “22 Most Extreme Places in the World”, or an article about “Asian Wedding Dresses”. In addition to articles, there are also a lot of fun quizzes. These tests are really funny, they are never boring. No matter what kind of hobbies you have, you can find something

interesting. Despite not having finished their homework, many college students watch BuzzFeed videos regardless. While I am in class, I will often be watching BuzzFeed videos while the teacher is talking. Each time in class, I see recipes and interesting videos. On the weekends, my friends and I often watch BuzzFeed videos together, as it is relaxing and funny. There are a lot of photos and articles of BuzzFeed, and it is not too difficult to read. Because they are very simple, lazy people especially love it.

There are many other websites that are similar to BuzzFeed, like Huffington Post, NowThis, ATTN, and Vlechten met Daan. Before, Facebook was an online social place, where people would upload photos and post about their lives. Although Facebook was more of a social media before, it is now more a hub of entertainment. So sites like BuzzFeed are getting more and more popular. If you are ever bored to death, you should check out BuzzFeed Media!
